NovaTech Solutions - Company Handbook

NovaTech Solutions is a software company founded in 2015 in Pune, India by Anita Rao and Vikram Shah. The company builds cloud-based inventory management software for mid-sized retailers. As of 2026 NovaTech employs 420 people across offices in Pune, Bengaluru and Austin.

NovaTech's flagship product is StockPilot, an inventory platform that forecasts demand using machine learning and integrates with Shopify, SAP and Zoho. StockPilot has over 1,800 customers.

Leave Policy

Full-time employees receive 24 days of paid annual leave per calendar year, plus 10 public holidays. Up to 8 unused leave days can be carried forward to the next year; the rest lapse on 31 March.

Sick leave is separate: employees get 12 paid sick days per year. A medical certificate is required for sick leave longer than 3 consecutive days.

Parental leave is 26 weeks for the primary caregiver and 6 weeks for the secondary caregiver.

Remote Work Policy

NovaTech follows a hybrid model. Employees must work from the office at least 2 days per week, with Tuesday and Thursday as the default team days. Fully remote arrangements need approval from both the manager and the HR business partner.

Each employee receives a one-time home office allowance of INR 25,000 (or USD 400 for the Austin office) and a monthly internet reimbursement of INR 1,500.

IT and Security

All laptops must use full-disk encryption and the company VPN when accessing internal systems. Passwords must be at least 14 characters and are rotated every 180 days. Multi-factor authentication is mandatory for email, GitHub and AWS.

Security incidents, including lost devices and suspected phishing, must be reported to security@novatech.example within 1 hour via the #sec-incidents Slack channel.

Learning and Development

Every employee has an annual learning budget of INR 60,000 for courses, certifications and conferences. AWS, Azure and Kubernetes certification exam fees are reimbursed in full on passing, outside of the learning budget.

Engineers get one 'Innovation Friday' per month to work on any project of their choice.
